REAL LIFE

Yo G-P here.

So. I've started working on this 5 days ago. And then I went out to drink. And the next day. And the next day as well. And then I needed a day to recover. It wasn't so bad, but the third time wrecked me. I'm once again reminded why I rather drink by myself at home. Because there's always that one guy who keeps poking you and refills your glass even though you're already knocked out and sleeping in a corner. *Fuck you, sincerely.* Anyway, redrawing page 3 was a royal pain in the ass. One glass of Doppio Passo Riserva today. Or two.

A MAN OF CULTURE

Now I'm a straight guy but damn if he's not husband material.
